
FOR IMMEDIATE RELEASE

Scott Hoffman Selected to Lead Civil Infrastructure Practice Group

As Civil Infrastructure Practice Lead, Scott Hoffman will strengthen Verdantas' ability to adapt to client challenges and enable further professional growth of our civil engineering professionals.

Dublin, Ohio, August 24, 2022: Verdantas has named Scott Hoffman, PE as its Civil Infrastructure Practice Lead. He brings nearly 30 years of planning, design, and construction experience across various municipal, industrial, and commercial clients. Previously, Scott served as the Director of Water and Wastewater Engineering in the Verdantas Mid-Atlantic Area.

Guy Marcozzi, Practice Group Director, shares, "Scott has already demonstrated leadership by bringing people together within the civil infrastructure community at Verdantas. He has built a shared vision for what Verdantas can be in the civil space. His technical background, pragmatism, and effectiveness in working with others will serve to elevate the civil practice. We are very happy for Scott and excited about good things to come."

Newly appointed Civil Infrastructure Practice Leader, Scott Hoffman, comments, "I believe the Verdantas team of engineers, scientists and technicians offers outstanding value and breadth in terms of the skills and experience needed to find solutions for challenges of today's world. I am very excited about the opportunity to help the Verdantas Civil Infrastructure Team provide great service to existing clients, and build relationships with new clients, by connecting them with our expert staff nationwide."

Civil Infrastructure services can be provided in the public sector from municipal public works departments to federal government agencies, and in the private sector from locally based firms to global Fortune 500 companies. This Practice is made up of five disciplines: Hydraulics and Hydrology, Water and Wastewater, Land Development, Earth and Structures, and Transportation.

As the Civil Infrastructure Practice Leader, Scott will continue to grow our experienced national community of professionals to help our clients tackle today's and tomorrow's challenges of the physical and naturally build environment and position themselves for future success.

About Verdantas

Verdantas currently employs over 500 people located in 29 offices across the US and is home to many of the industry's top scientists, engineers, and technical experts. Verdantas operates a people-first culture, concentrating on the well-being of its employees, clients, and the communities where they live and work. The company is actively hiring across all disciplines and seeking additional companies with a strategic and cultural fit.
