FOR RELEASE 12:00 P.M. ET, April 29, 2022

Verdantas Moves Up Nearly 60 Spots on ENR's Top 500 Design Firms

The Company Ranks 195, Up from 256 in 2021

Dublin, OH, USA (April 29, 2022) – Engineering News-Record's (ENR) has released its Top 500 Design Firms and Verdantas LLC (Verdantas) is excited to share the company's rank has jumped higher in the 2022 list to 195 overall. This rank is up from Verdantas' previous 2021 position of 256.

The ENR Top 500 list is published annually every April. It ranks the 500 largest U.S.-based designs firms, both publicly and privately held, based on design-specific revenue. The list and its accompanying survey provide insight into market trends, company earnings, and project performance.

Gerry Salontai, Verdantas CEO says, "Our rise in the 2022 ENR Top 500 is a reflection of our commitment to growth—growth with and growth for our People."

In 2022, the overall results revealed company growth and market expansion within the construction industry and its key segments was fueled by several factors. One finding by a study group of industry veterans that included Gerry Salontai, CEO of Verdantas, showed that clients prefer to work with large and mid-sized firms because they see these firms in their local communities and rely on them to understand the local dynamics at play to get work done effectively.

These findings line up with the Verdantas culture and commitment to engage in meaningful collaboration with clients to foster positive impacts in the communities where we work.

Andra Kidd, Verdantas COO believes the jump of over 50 positions in the ENR Top 500 also demonstrates the results of everyone's "laser focus on the Vision for Verdantas."

Verdantas' Vision is to be known as the place where people want to work. The company strives to build a culture that encourages employees to balance their everyday lives, grow their

careers, and thrive in a culture of inclusion, diversity, and collaboration that puts clients and communities at the center of actions.

Pat Sheridan, Verdantas CFO echoes these sentiments by stating, "Our continued march up the ENR rankings is a tribute to the efforts of every employee and our commitment to a people-first culture."

About Verdantas

Verdantas is an emerging environmental, engineering, and technical consulting company where a green, sustainable and people first approach is the foreground of all our actions. Verdantas is driven by a singular mission to build a better tomorrow for ourselves and future generations.
